PRY BAR WITH HANDLE

Universal application.

This strong fork-type pry bar is a very versatile tool suitable for a wide range of jobs on the vehicle. Typical applications include levering off panels, axle parts, rubber exhaust hangers and housings as well as checking silentblochs/bushes and ball joint connections on vehicle axles.

Particularly useful for separating push-fit ball joint connections on shifter cables and shift linkages. An indispensable tool when replacing a clutch or carrying out repairs on transmissions etc.

Made in Germany
