KN 9.62

Assembly Lever, with Guide Pins

Applicable to VW-Audi, Seat and Škoda vehicles equipped with a transversely mounted 7-speed double-clutch gearbox OAM; such as Audi A3 (8P); VW Polo (6R, 6C), Golf (1K), Golf Plus (1KP), Touran (1T), Eos (1F), Passat (3C), Passat CC (35), Scirocco (13); SEAT Ibiza V (KJ), Toledo (5P); ŠKODA Fabia (5P), Octavia (1Z) etc.

Required to pre-load and lock the clutch engagement levers when removing and installing the mechatronic unit on a (DSG) double-clutch gear box OAM. The guide pins supplied with the kit ensure straight mounting of the mechatronic unit.

Made in Germany
